

ENVIRONMENTAL MEETING FOR JUNE 8, 2011

The environmental meeting for June 8, 2011 was called to order with a flag salute.

A roll call showed that Floyd West, Paul Chandler, Helen Hazard, and Nancy Oshman as well as members of the public were present.

The minutes were distributed and reviewed and a motion to accept the minutes as written was made by Floyd and seconded by Paul. The motion was carried and a copy of the minutes is on file.

Floyd drew up a letter to the Commissioners asking them to take necessary steps to insure that residents in the area surrounding the auto recycling centers be informed of the test well report and the potential danger of the contamination of the drinking water. A response from the commissioners has not yet been received. A copy of the letter is on file.

A letter from the Pinelands Commission to Ryan Belk regarding Application #2004-0154.001 Block 57, Lot 38, Bass River Township was read and open to discussion and comment. The letter contains information about the proposed development of a two lot residential subdivision on the above referenced 7.88 acre parcel. In conclusion: " no development may occur on Block 57, Lot 38.01 until the Pinelands Commission has received the requested information and has determined not to review the local approval". A copy of this letter is on file.

None of the commissioners or any members of the public had any other business to discuss and a motion to adjourn the meeting was made by Helen and seconded by Paul. The meeting was adjourned at 0735.

I, Nancy Oshman, certify these minutes to be true.
